

# 2020–2021 Standard and Additional Reports

Assessment reports will be provided free of charge to all school districts. Reports showing student performance on the State of Texas Assessments of Academic Readiness (STAAR®) assessments are as follows.

## 1 STAAR Report Card

A STAAR Report Card is provided for each student for whom a STAAR, STAAR Spanish, or STAAR with Embedded Supports answer document or online record was submitted. Assessment results are shown for each subject area assessed. For spring administrations of STAAR grades 3–8, all subjects tested during the current school year will be included in one combined STAAR Report Card. For STAAR end-of-course (EOC), the STAAR Report Card will contain cumulative results for all subjects tested. After each administration, STAAR Report Cards will be available online in the STAAR Assessment Management System. Beginning in 2020–2021, districts will NOT receive a printed copy of STAAR Report Cards for spring administrations unless they opt in to receiving a paper copy during the window noted in the STAAR Assessment Management System.

## 2 Confidential Student Label

An adhesive Confidential Student Label is provided for each student for whom a STAAR answer document or online record was submitted. Assessment results are shown for each subject assessed. For EOC, the label will show cumulative history information for students. Districts may opt out of receiving the Confidential Student Label.

## 3 Confidential Campus Roster—All Students

A Confidential Campus Roster (All Students) is available for each grade/course assessed at each campus and lists every student for whom an answer document or online record was submitted. This report provides detailed student-level results for each subject area assessed. Results for STAAR and STAAR Spanish assessments will be listed on separate rosters.

## 4 Confidential Campus Roster—Students Not Achieving Approaches Grade Level

The Confidential Campus Roster (Students Not Achieving Approaches Grade Level) is available for each grade/course assessed at each campus and lists every student for whom an answer document or online record was submitted, but did not pass the subject area assessment. The rosters will include records for students who were marked “Absent” or “Other” as well. Results for STAAR assessments and STAAR Spanish assessments will be listed on separate rosters.

## 5 Campus and District Summary Reports

The Summary Report is available for each grade/course assessed at each campus and district and contains aggregate information about every student for whom an answer document or online record was submitted. The average number and average percentage of items correct for each reporting category will be displayed, as well as number and percentage of students at each performance level. Reports for STAAR and STAAR Spanish assessments will be provided separately. A Constructed Responses Summary Report is provided for each district and campus and shows the number and percentage of students receiving each rating for the written composition. A Combined Summary Report is available for Grades 3–5 for each grade/subject area assessed at each campus or district and shows the number and percentage of students achieving the Approaches Grade Level performance for each program (STAAR and STAAR Spanish) and across both programs.

## 6 Administration Student Data File (Confidential)

This file contains individual data records for each student for whom an answer document or online test was submitted. The student record includes identification and demographic data as well as subject-area scores. Reporting Category data are included. Results for STAAR and STAAR Spanish assessments will be provided on the same file. For EOC administrations, the data file will include cumulative history information for each of the five subjects required for EOC. This file will be provided to all districts in fixed-length text and CSV format.

## 7 Additional Printed Reports

Requests for additional printed copies of the STAAR Report Card can be submitted for the spring administrations for the current year administration only. Requests for additional printed copies of the Confidential Student Label can be submitted for all current year administrations.

### **Additional Printed Copy of STAAR Report Card.....\$0.42 per student**

For a fee, districts may request one additional paper copy of the STAAR Report Card only for spring administrations of STAAR 3–8 and EOC.

### **Additional Confidential Student Label.....\$0.42 per student**

For a fee, districts may request one additional copy of the Confidential Student Label for each STAAR 2020–2021 administration.

## 8 Additional Services for Confidential Student Reports

Requests for additional printed copies received after the deadline are subject to an additional \$100 processing fee. This order will only include all updated STAAR Report Cards or Confidential Student Labels since the last receipt of printed reports and/or labels.

### **STAAR Report Card: Printed copy of updated STAAR Report Card (spring administration only).....\$0.42 per student**

### **Confidential Student Label: Printed copy of updated Confidential Student Label (all administrations).....\$0.42 per student**

There will be a minimum charge of \$50 per order in addition to the \$100 additional processing fee. Orders may only be placed at the district or campus level. All orders must be submitted with a Purchase Order for processing.

## 9 Additional Reports Order Window

District testing coordinators can order additional copies of reports through the Assessment Management System. Reports are available for one year after the administration.

	<b>Order Window</b>	<b>Late Order Begins</b>
<b>December STAAR End-of-Course</b> (Algebra I, English I, English II, Biology, and U.S. History)	November 30– December 15, 2020	December 16, 2020
